The State fair is over but it was a
hummer.

Another fair like that of last week
and the St. Louis fair association can
take a back seat.

The Marshall Progress has begun a
daily edition, which is a creditable
enterprise to the town and the pub-
lisher.

The Lord tempered the wind to the
shorn lambs last week, or that is to say
He gave the Fair Association weather
which was as fine as silk.

We will be dark and gloomy this
week as to colored lights, but Sedalia
has enough brilliancy in her achieve-
ments to add new lustre to any star in
the firmament.

What's the matter with Sedalia
trying for the World's fair and leav-
ing Chicago, St. Louis and Kansas
City, which don't know how to have
anything outside of a pumpkin show,
entirely in the rear.

—Mrs. T. J. Briggs, of Lamar,
aged thirty-six years, wife of Rev.
Briggs, who abandoned her some time
ago, died on Monday night, from
spinal abscess. We hope that Rev.
Briggs will see this item. Mrs. Briggs
has been an invalid for a long time.
—Lamar Democrat.

It would do no good if the Demo-
crat's hope could be realized in the
above connection. The man who is
brute enough to abandon an invalid
wife would have no regrets for her
death.

The people of St. Louis can well
afford to contribute all the money
asked of them in support of the
World's Fair of 1892. The fair will
make everybody in that city better
off. It will bring great multitudes of
men and women every day for six
months. It will pack with passengers
all the railroad lines converging there.
It will add half a million to the nor-
mal visiting population throughout
the whole time of the fair's continu-
ance. All these people must live,
and all of them will purchase goods
of one kind or other during their stay.
Their expenditures will be distribut-
ed to all classes of the population,
from the banker and wholesale mer-
chant to the bootblack and the ven-
der of "hokey-pokey" in the streets.
In a word the fair will give to all
manner of business such an impetus
as business there never had before,
and it will besides introduce to the
city a multitude who have never
known it hitherto. It will show to the
entire American people how fine a
western country they have and awak-
en their pride in it as never before.
But in order that all this may happen
the people of Missouri as well as St.
Louis must put their hands in their
pockets and promptly contribute the
money necessary to make the fair an
assured success. The Commercial clubs
etc. in every town in the state should
get to work.

The New York World has a strike
of its pressmen to deal with. Of the
merits of the revolt but little is known
here in the west, beyond it is that old
chestnut gotten up by the union organ-
ization, dictating who the World shall
employ. No paper on the American
continent has been so kind to its em-
ployees as the World. Besides this,
they have given them excursions and
benefits without end all of which now,
a strike is on, the mercenary union dy-
namite gang forget. The New York
Star, an opposition paper has
espoused the cause of the
strikers and in the mouth piece of the
handful of fellows who are menacing
the World. This reminds us of the
days when a gang of cut throats in

Sedalia were endeavoring to break
down the BAZOO because it would not
employ Union help exclusively, and
this sentiment was endorsed by the
old Sedalia Democrat, controlled at
that time by a set of men some of
whom have had to flee the country to
keep outside of the penitentiary. The
spirit of the New York Star was like
that of the old Democrat, anything to
ruin a formidable competitor. The
Democrat died. The Star had better
take warning. The BAZOO trusts that
the World will come out of trouble
successfully and that its oppressors
may come to grief early and often.

The unprecedented success of the
Missouri State Fair this year and the
highly satisfactory manner in which
everything was conducted is due very
largely to the unceasing and untiring
efforts in its behalf of Mr. A. L. Burr,
the efficient and courteous secretary
of the association. Mr. Burr has
made a most capable official and his
selection was a wise one. He has
faithfully watched every detail and
has been uniformly courteous at all
times to all. Mr. N. H. Gentry, the
experienced president of the associa-
tion, also deserves a large measure
of credit. He is one of Pettis county's
most public spirited and valuable citi-
zens and his enterprise has been
worth untold assistance to Sedalia.
He, too, has been zealous and court-
eous throughout, and his wise counsels
have aided every department mat-
erially. The present president and sec-
retary should be made permanent
features of the fair association, and
the able and efficient vice president,
Chris Hye, second vice president J.
H. Pilkington, treasurer C. D. Minter,
general superintendent A. W. Rollins,
marshal R. C. Sneed superintendent
of grounds James Warren and the en-
tire board of directors who have ren-
dered such excellent service should
be continued in their positions.

The State Fair association have a
right to feel proud of the magnificent
work they accomplished in making
the fair such a pronounced success,
and generally speaking, the citizens of
Sedalia are unanimous in their praises
of the careful and thorough manner
in which that success was accom-
plished. When the present fair man-
agement assumed control, they had
the debts and other embarrassing hin-
drances of the old association to con-
tend with, and the undertaking was
attended with difficulty and financial
danger. It they were successful for
two or three years, the association
knew they could find comparatively
plain sailing, but should they
not be attended with such
success, it meant comparative ruin.
With their faces to the front, how-
ever, and a courage born of determi-
nation, the members of the association
went to work and despite the draw-
backs, persevered until at last, they
began to see their way clear. To be
successful they knew they must bring
crowds here and with commendable
zeal they sought just what they
thought would bring crowds. It was
expensive, of course, but anything
worthy of patronage is attended with
expense and that the result warrant-
ed the means, the fair this year, with
its thousands of visitors, is ample tes-
timony. Already several heavy
debts of the old fair association have
been paid and with the money which
this year has brought to the
coffers of the association it is
hoped and believed that the
state fair, with its own grounds and
its own buildings, will be a permanent
and abiding institution. When that
time comes, too, it will be possible to
give the agriculturist and horticultur-
ist, also, the house wife, a better
showing than has hitherto necessarily
been accorded them and the product
of the field and farm as well as the
orchard and the kitchen, will hold
their own with the speed ring and other
attractions. In conclusion, the BAZOO
congratulates the State Fair associa-
tion on its successful administration
and the fair this year and trusts that
next year victory will again be
perched upon its banners.

Compliments From Our Neighbor.
Sedalia will be illuminated this
week. It is a commendable streak of
enterprise which we hope will draw
big crowds to the fair.—Cooper
County Leader.

Further Great Cures of Skin Dis-
ease by the Cuticura
Remedies.

Boy one year and a half old. Face
and body in a terrible condition, be-
ing covered with sores. Sulphur
springs fail. Cured by Cuticura
Remedies.

I have used your CUTICURA REMEDIES in two
cases where it proved to be successful. The first
was in the case of a boy a year and a half old.
His face and body were in a terrible condition,
the former being completely covered with sores.
I took him to the Massena Sulphur Springs, but
he did not improve any. I was then advised to
try the CUTICURA REMEDIES, which I did. He
took one and a half bottles of CUTICURA RESOL-
VENT, when his skin was so smooth as could be
and is to-day. I used the CUTICURA on his sores
and the CUTICURA SOAP in washing him. He is
now five years of age, and all right. The other
case was a disease of the scalp, which was cured by
washing with the CUTICURA SOAP and rubbing in
the CUTICURA, one bottle of CUTICURA RESOL-
VENT being used. They have proved successful
in every case where I have advised the use of
them. It is surprising how rapidly a child will
improve under their treatment. I recommend
them for any disease of the skin as before the test
in the world. This is my experience, and I am
ready to stand by my statement.

An Unbearable Skin Disease Cured.
I have been afflicted since last March with a
skin disease the doctors called Eczema. My face
was covered with scales and sores, and the itching
and burning were almost unbearable. Seeing
your CUTICURA REMEDIES so highly commended,
I decided to give them a trial, using the CUTICURA
SOAP externally, and the CUTICURA RESOLVENT
internally for four months. I call myself cured
in gratitude for which I make this public state-
ment.

MEN AND WOMEN

—President Harrison is about as
uneasy as the German Kaiser.

—The Shah of Persia has started
for home. All Europe cries: "Shah
there; stay there!"

—Gen. Joseph B. Carr has fully
recovered his health since the recent
operation he underwent for cancer.

—Gen. G. Guitar, of Columbus,
Mo., is at Deer Park. He is visit-
ing "Steve" Elkins. There's music
in the air.

—Lord Tennyson and Robert
Browning are about to bombard
the public with new volumes of poems.
Is Brown-Sequard responsible for this?

—Gov. Taylor, of Tennessee, the
fiddler, wants to be United States
Senator. Would the grave and digni-
fied Senators "welcome old rosin de
bow?"

—Major McKinley's campaign for
the Speakership has received a severe
set-back through the open advocacy
of ex-Speaker Warren J. Keifer, of
Ohio.

—Queen Victoria has sent to
Prince Bismarck a life-sized portrait
of herself. This is pleasing. Bis-
marck was afraid she would send him
an India shawl.

—An Indian named Gabriel, living
in California, is said to be one hun-
dred and fifty years old. It is evident
that he has never had anything to do
with California law courts.

—President Harrison has leased
his house in Indianapolis for three
years. He will need it again at the
end of that period if the leading po-
litical of his party are correct in their
surmises.

—There is living in Chicago a man
who claims to be a brother of Fran-
zini, the recently executed murderer,
of Paris. This is another reason for
keeping the World's Fair away from
Chicago.

—Speaking of Gen. Boulanger,
Edmund Yates says: "Since his
condemnation he has received a sack-
ful of sympathetic telegrams from all
parts of the world. The chiefs of his
party continue to flit between Paris
and London with phenomenal rapid-
ity, and political pilgrimages to Port-
land place are more frequent than
ever. Gen. Boulanger's sole anxiety
is to secure the inviolability of the
ballot, and he maintains that his
election can only be invalidated by
the Chamber itself. He believes
that he will succeed, in spite of the
strength and influence of his adver-
saries."

Tariff Reform in Charlton County.

Brunswick Mo., Aug. 24.—A tariff re-
form picnic was held near Triplett in this
Charlton county yesterday and was
a grand success. The farmers showed great
enthusiasm and by 12 o'clock a vast multi-
tude had assembled. Many prominent re-
publicans were present, especially farmers.
So large was the audience that the out-
skirrs of the crowd could not hear the ad-
dresses.
Congressman Charles Mansur, the Hon.
Charles Hammond and P. S. Rader, esq.,
delivered eloquent and telling addresses in
favor of tariff reform.

A BIG SHORTAGE.

Ex-Collector Trice, of St. Joseph,
Short \$36,000 in His
Accounts.

St. Joseph, Mo., Aug. 13.—A committee
of experts, consisting of ex-Senator Waller
Young, ex-County Clerk Riley and James
T. Beach, who have for two months been
engaged in examining the books and set-
tlements of ex-Collector Tandy H. Trice,
filed their report this evening with the
county court. The report shows the ex-
collector short in his accounts something
over \$36,000.

It is due, however, to Mr. Price to say
that he claims credits to the amount of
\$34,000 which the committee refused to
allow. Mr. Trice has been for a number
of years quite prominent in county poli-
tics and was three times elected collector
on the Democratic ticket, his successor be-
ing elected last November.

Colleyburg's Postmaster Caught.
Kansas City, Mo., August 24.—Post Of-
fice Inspector J. T. McClure, of St. Louis,
received a telegram while in this city Fri-
day announcing the arrest at Bentonville,
Ark., of Jonathan Cunningham, the notori-
ous absconding Postmaster of Colleyburg,
Davis county, Mo. Cunningham
left Colleyburg last spring, taking with
him about \$125 of Government money and
several thousand dollars belonging to
prominent citizens of his town. He was
traced through nearly every state in the
union and through Canada. Inspector
McClure followed the fugitive in his cir-
cuitous flight, finally nailing him at
Bentonville, Ark. The Inspector left last
night for his man.

ARE THE ONLY GENUINE RHEU-

Nine-tenths of all troubles which require
the aid of Plasters are rheumatic in their
nature. A change of weather, or sudden
draft causes a cold, which develops into
muscular and that into inflammatory
rheumatism. And yet, there has never
been such a thing as a distinctly rheumat-
ic and strengthening plaster, and hundreds
have died suddenly where rheumatism has
attacked the heart, whose lives might have
been saved had this plaster been applied in
season. They are constructed on purely
scientific principles and are purely veget-
able.

Burglars and An Editor.

Centralia, Mo., August 24.—
Thursday night burglars chloroformed
Mr. Pritchett, a guest of the City
Hotel, and robbed him of \$475. Last
night burglars raided the homes of
Dr. J. H. Head and Mr. A. Role-
myre, editor of the Guard. At the
litter place the intruders ransacked
the lower part of the house, ate a
hearty meal in the dining room and
started to investigate up-stairs. A
few minutes later Edgar Rodemyre
woke suddenly to see a burglar in his
room in the act of lighting a match.
He reached for his pistol and yelled,
and as the burglar retreated fired two
shots. Editor Rodemyre followed the
visitor to the yard and opened fire,
but the burglars got away. Their
plunder was left behind.
